

MySt Blogger Template Setup instruction

HOW TO INSTALL BLOGGER TEMPLATE

1. Login to your **blogger.com** account.
2. Go to **Blogger dashboard**.
3. Go to **Design tab**.
4. Now click **Edit HTML** tab.
5. Before editing your template, you may want to **save a copy** of it. **Download Full Template**
6. Upload a template from a file on your hard drive (.xml file extracted): click **Choose file** option button.
7. Now save your template.

EDIT TOP RIGHT ADVERTISEMENT BANNER

1. Login to your **blogger.com** account.
2. Go to **Blogger dashboard**.
3. Go to **Design tab**.
4. Now click **Edit HTML** tab.
5. Click **Expand Widget Templates** tab.
6. Now find **HTML Code** > **ctrl+f** given below.

```
<a href='http://besttheme.net/'><img alt='Best Theme' src='http://besttheme.net/wp-content/uploads/2011/01/Banner.jpg'></a>
```

7. Now you need to change **Link, Image Alt, Image Source, Image Title**.

Example:

8. **Link:** <http://besttheme.net/>
9. **Image alt:** Best Theme
10. **Image source:** <http://besttheme.net/wp-content/uploads/2011/01/Banner.jpg>

EDIT SIDEBAR ADVERTISEMENT BANNER

Go to Dashboard > Design tab and click on add new widget on the top of posting named 'Sponsor'. And add link, image, and title to it.

MySt Blogger Template Setup instruction

```
<ul><li>
<a href="#Link"></a></li>

<li><a href="#Link"></a></li>
</ul>
```

Now add link, image, and title to it.

HOW TO EDIT POSTS

There are few instructions you need to follow with this template

Use images not less than 560px, don't worry for the larger one it will resize automatically but when you place a smaller image this will expand to optimized image size and it will look really bad.

So use image larger than 700px.

And never use any text editor for posting like word or PDF because they have a special formatting and when you paste these codes in the blogger editor, the parent formatting remains same as it is. And blogger don't understand about that formatting. This will cause your image look bad or something you have not written will show as summary on homepage.

Please upload image with default blogger image uploading tools.

HOW TO EDIT TOP MENU LINKS

Go to blogger.com > Blogger Dashboard > Design Tab > Edit HTML Tab and find:

```
<div id='botmenu'>
<div class='menu-primary-container' id='submenu'>
<ul class='sfmenu' id='menu-primary'><li class='menu-item menu-item-type-custom menu-item-object-
custom' id='menu-item'>
```

```
<a expr:href='data:blog.homepageUrl'>  
<strong>Home</strong>  
<span class='menudescription'>Homepage</span></a>  
</li>
```

```
<li class='menu-item menu-item-type-post_type menu-item-object-page' id='menu-item'><a  
href='#Link'>  
<strong>About</strong>  
<span class='menudescription'>About Us page</span>  
</a>  
</li>
```

```
<li class='menu-item menu-item-type-post_type menu-item-object-page' id='menu-item'><a  
href='#Link'>  
<strong>Parent Page</strong>  
<span class='menudescription'>A top level page</span>  
</a>
```

```
<ul class='sub-menu'>  
<li class='menu-item menu-item-type-post_type menu-item-object-page' id='menu-item'><a  
href='#Link'>Sub Page</a>  
</li>  
<li class='menu-item menu-item-type-post_type menu-item-object-page' id='menu-item'><a  
href='#Link'>Sub Page-2</a>  
</li>  
</ul>  
</li>
```

```
<li class='menu-item menu-item-type-post_type menu-item-object-page' id='menu-item'><a  
href='#Link'>  
<strong>Page 1</strong>  
<span class='menudescription'>A sample page</span>  
</a>  
</li>
```

```
<li class='menu-item menu-item-type-post_type menu-item-object-page' id='menu-item'><a  
href='#Link'>  
<strong>Page 2</strong>  
<span class='menudescription'> Another page</span>  
</a>  
</li>
```

```
<li class='menu-item menu-item-type-post_type menu-item-object-page' id='menu-item'><a  
href='#Link'>  
<strong>Full wide</strong>  
<span class='menudescription'>Page with full width</span>
```
